Candygrams!

Are you a new band parent wondering what in the world a candygram is? It is a concession-like stand at most competitions where you can purchase candy, snacks, stuffed animals, and flowers to send to your favorite band member(s).

They are mostly inexpensive (around \$1-\$2) and you have the chance to write your own special message to send with the gift.

Most band members LOVE receiving candygrams from their family and friends! If you plan to attend this season's competitions, visit the host band's candygram tent and show your favorite band member some love!

Check out www.newoxfordbands.com to find the most up-to-date info on upcoming events! Itineraries for football games and competitions are just a click away! Also available in the cabinet!
